To Redistributions Committee  
for N.S.W.

Dear Sirs,

I would like to register my disapproval of the proposed loss of the electorate of Gwynd - a federation seat. The Gwynd electorate is about to see an explosion of widespread industries already coal is happening. It is already one of the best farming regions in Australia and in the future needs more representatives not less.

I appeal to you do not abolish Gwynd

Yours sincerely

Max Corbett
