Dear Sir

I wish to object most strongly to the abolition of the federal seat of Gwydir in the proposed redistribution of boundaries in N.S.W.

The boundaries must take into account community of interests, communication and transport links. How then can they propose the boundaries into regions where access to their members be even more difficult. It is ridiculous to propose that one person could adequately serve the needs of the people in an electorate that covers 48% of state of N.S.W.

The Gwydir electorate contains some of the most productive country in N.S.W and the towns in the area are going through a surge in growth & economy

I ask you to reconsider this proposal and keep Gwydir as it is

Yours faithfully
JA Rolls

(Mrs. Judith Ann ROLLS)
