Dear Sir/Madam

**Re: Objection to Proposed Boundary Changes for electorate of Calare**

I wish to register my objection to the proposed electoral boundary changes whereby Lithgow will be transferred from Calare to the Macquarie electorate.

I believe that the City of Lithgow has more in common with the central western cities of Bathurst and Orange than it does with the Blue Mountains areas which are fast becoming considered as part of western Sydney.

In fact Lithgow has been known as the 'Gateway to the Central West' for as long as I can remember and has been part of the Calare electorate since I have been eligible to vote.

I request that these proposed boundary changes be re-examined and that Lithgow remain in the Clare electorate which I believe is well represented by Peter Andren

Yours faithfully

Mr Adrian R Gallaher
