Dear Sir, I am writing to express my concern that the Gywyde Electorate is being eliminated in the next electoral redistribution. Being 77 years old and having lived on the land all my life I know how access to your local member of parliament can be most helpful. With Gywyde becoming part of Pothor most citizens will find this extremely difficult.

There are certainly other reasons why I feel it will be most unfortunate and so I hope you will reconsider this decision.

Yours faithfully

W. H. Turner
