Dear Sirs,

Re the Extension of Macquarie Electoral Boundary
I - and many people I have spoken to - strongly
object to the proposed redistribution of our electoral
boundary. Here in the Blue Mountains we are closely
concerned with - and affected by - matters in the
existing electorate of Macquarie, whereas we have no
close or personal experience with anything concerning
the area west of Lithgow - let alone as far west as
Bathurst. The governance of each electorate surely
concerns the people who live and work there, and
can never adequately provide for the best interests of
such a wide area as is proposed by your Committee.

Blue Mountains residents are referred to
Penrith for any major medical or surgical
treatment at Mepan Hospital, and Penrith is
the main centre for any major commercial or
business requirements.

We trust you will seriously reconsider
your decision to change the existing boundaries.

Yours faithfully,
(Mrs.) J. E. Clarke.
