To the Re-distribution Committee for NSW

Dear Sirs.

My husband & I would like to register our disapproval of the proposed loss of Snydri in NSW.

John Anderson has been a great representative of this area and helped us with many issues over the years. He said the distance between districts was about 6 hours driving time.

Now the proposed seat of Parkes will be 47% of the state.

We think this is an insult to country people — and why should our vote be worth 30% of the Tasmanian vote.

Please change your decision and leave Snydri — a Federation seat — as it was.

Yours sincerely
Eve Corbett
