To the Australian Electoral Office,  
For New South Wales  
Level 1, Roden Cutler House  
24 Campbell Street  
Haymarket NSW 2000

Dear Sir,

I am not trying to be funny or rude when I ask,

“Have you seen the map of the area that is going to be our electoral division should the seat of Gwydir be abolished in the proposed redistribution of the Federal Electoral Boundaries in New South Wales?”

“Have you seen the statistics of suicides by farmers out here, because they get so little representation or knowledgeable assistance from our Governments?”

Sir, please have a heart for your fellow countrymen who are trying their hardest to keep Australia “the lucky country” with their primary production. I believe already some of our leaders have led us into deprivation, depression and fear of what the future will hold for our young people and our babies by selling us out – off! Please don’t be a part of it.

Please “do not cut the throat” of this great north of our state by giving just one seat to represent so many lives and so many industries.

I laughed in disbelief when I saw the size proposed for this new seat. I said to myself and God, “These people have no idea about us out here.”

Yours sincerely,
