Dear Committee

Re: Abolition of Bwyler Electorate

I am appalled that the seat of Bwyler is to be abolished and request you reconsider this proposal. At present the electoral seat is quite large enough (even too large) and John Anderson has done a mighty job covering it (as his predecessors also did). If the proposal to create a "mega-seat" of Bwyler and Parkes goes ahead (and hopefully common-sense on your part will prevail in that not occurring) it will be an impossible job for one person to carry out successfully, however willing he or she may be, and it will certainly be to the disadvantage of constituents. It is really an absolutely ridiculous proposition and

I just cannot understand how your committee could even have thought about it. Once again country people are being made to feel neglected and alienated without decent representation. It is quite obvious none of the committee have any idea of the feelings, concerns and worry this proposal is giving to the voters of Bwydler - even retaining the name Parker for this "new" seat shows insensitivity, and very confusing as the centre will be in Dubbo. Don't you realise one M.P. will have to represent interests of people over 380,000 square kilometres, 4.7% of the state?

Please think again.

Yours sincerely
