GREG PAIRL

377 Church St HAY 2711

Dear Sir

AS a Resident in the Town of HAY I strongly object to it being moved from RIVERINA to the FARRER electorate in the proposed changes to electoral boundaries.

While it appears that HAY has much in common with towns in FARRER. There is no linkage with HAY, and it is this linkage I base my objection.

Over a number of years our Governments Both State and Federal have supported "Regionalization" that is Major Regional Centres serving smaller towns and outer areas. (Hub and Spoke) HAY's Regional Centres are Griffith and WAGGA, and this will not change if HAY is moved to FARRER. Rightly or wrongly all Governments distribute services and programs by electorates through these Regional Centres.

HAY has none and will not have a linkage with the two major towns in FARRER, Albury and Broken Hill.

I ASK the commission to leave HAY in RIVERINA and substitute the share of Tamborumba (links to Albury) into FARRER.

Thank you

Greg Paarl
