Dear Commissioner

We are writing to object to the proposed Federal electoral redistribution of New South Wales, which will see the seat of Gwydir abolished.

If the proposed amalgamation of the seats of Parkes and Gwydir goes ahead, we feel the area will become far too large for one person to properly represent. We feel that only having one member covering an area that two used to will reduce the 'say' that the bush has in the Federal parliament.

We have lived our entire lives in rural and regional areas, and feel very strongly that those of us who chose to live in country areas have the right to proper political representation.

We trust that you will give this strong objection your every consideration.

Yours sincerely
