Dear Sir,

I read with astonishment your proposal to abolish the seat of Graydon and merge the electorate into the seat of Parkes. In this one move you have one representative covering 47% of the State.

Have you considered the cost of fuel to make personal contact with your members also the cost of telephone long distance calls to reach your members?

I cannot believe you would even contemplate such an action. It is an insult once again to country people who have to travel long distances for health care etc. as it is. Maybe you would like us disappear altogether and just import all your food.

Please be sensible & reconsider.

Yours Faithfully

(Mrs) Judith Harris
