I object strongly to the proposal to abolish the seat of Gwydir and merge the electorate into the seat of Parkes.

The Parkes electorate is big enough and to add Gwydir would make it impossible for the member to do justice to his electorate. Rural representation in parliament would be just about non-existent.

Both electorates are very valuable to the economy of the country and we need all the support we can get from our representatives, and not be messed around by individuals in the cities who know nothing or very little about rural Australia.
