Subject Change in the Hawkesbury boundaries

Classification Unclassified

Dear Sir /Madam,

My husband Frank and I wish to strongly object to the redistribution proposed for the "Hawkesbury" electoral boundaries.

The proposed boundaries bear no correlation between the populace and the boundaries. At the moment these are a neat fit.

Splitting the voice of our residents, will hinder the ability of all who presently reside in the Hawkesbury, to progress representations to our Parliamentary representatives.

We do not think the boundaries will assist the community, so strongly disagree with their implementation.

Yours Sincerely
Valerie and Frank Holland
