Dear Sir/Madam,

I strongly object to the abolition  
of the seat of Guyana. It is  
the most undemocratic decision  
pending a being a Federation seat  
it should stay.

The possibility of a member  
being able to represent the people  
in such an enormous electorate,  
as the proposed seat of Guyana, would  
be almost impossible.

Have any of the Commissioners  
ever been to Guyana or other country  
electorate? I would like to invite  
you all to visit us in Guyana to  
see how important it is for us

to have a Federal representative.

John Anderson has done so  
much - Guyana & it would  
be tragic if his hard work is  
not carried on.

Sincerely

(Mrs) Lois Hanna.
