The Redistribution Committee for NSW

PO Box 20014

World Square

NSW 2002

Dear Sir/Madam,

I am writing to express my objection to the proposed redistribution which will result in the complete loss of Guydir and the loss of representation for the constituents of Guydir and also for those of Parkes.

It will be impossible for one person to service this huge area of 379,474 sq km and about 47% of the state.

The regional areas of NSW are severely disadvantaged already with the severe drought and economic difficulties and this proposal will make things very difficult - when they need so much support.

I feel this is completely unfair and a burden that could be lifted by alternate redistributions of seats

closer together, unless distance is
not so crucial.

I hope you will reconsider these
proposals to give a fairer outcome,

sincerely,

Rosemary Bayden.

(Mrs. R. Bayden)
