The Australian Electoral Commission (N.S.W.)

Dear Sir/Madam,

I wish to voice my concern regarding
the proposed abolition of the seat of
Gungahlin. This is a preposterous, disruptive and
utterly unnecessary idea.

As a resident of the Gungahlin electorate
for some years, I find it totally unlikely
that we can be pushed aside in this
way. The proposed Parkes electorate
would be grossly unmanageable by one
sitting member, who would have to drive
for hours to reach everyone in this huge
electorate. It is just unthinkable.

We deserve better than this as tax-
payers and food producers for you city
dwellers. We have worked hard for
this great lifestyle but it seems we
might as well "fold our tent and quietly
steal away."

Yours faithfully
(Mrs) J. W. Williams
