NSW 2002

Dear Sir,

I am writing to voice my objection to the proposed redistribution of seats and the loss of the Federation seat of Gwydir.

The electorate you are now proposing would be 379,474 square kilometres and 47% of the state. The electorate would be bigger than Japan, bigger than half a dozen European countries, nearly twice the size of Victoria and over five times the size of Tasmania. Where is the logic in that??

The bush is neglected by the government as it is. We need proper political representation for people living in this electorate. We might just as well not exist if you do this to us.

Please can you see our point and reconsider your redistribution, take a seat from where people are already heard and do not have a distance disadvantage.

Yours faithfully
