Dear Sir

Paul and I, as residents of Gwydir electorate, are most concerned about the proposed elimination of our representative, thus making one person responsible for 49% of the state. How absolutely unfair and unjust this occurrence would be to one politician and to all those people trying to live a full and equitable life in that 49% of the state. We have so much appreciated the ability of John Anderson representing us in many fields but can't believe that such a larger area should be attempted.

To the Surveyor General and all those members of the Redistribution Committee—would you PLEASE reconsider your plan.

Thanking you in anticipation
Sincerely

Anne Jones
Paul Jones
