Dear Sir / Madam,

Our Club would like to notify you of our objection to the proposed abolition of the rural seat of Gwydir in the recent federal redistribution of New South Wales Seats.

Our electorate is already a large area for any one person to service. Any enlargement of this electorate will be an even greater disadvantage to the people residing in an already disadvantaged area.

We realise that our electorate is not as densely populated as most other NSW electorates but we do have the right to proper representation and assistance at the federal political level.

We trust that the people who make this decision will see that such a large electorate would not be fair or workable for those living in the proposed area and will form a better proposal.

Yours sincerely,

Andrew Druce
