Dear Sirs,

I find the redistribution of seats, making Parkes electorate so vast, is another indication that anything west of the G.D. Range seems no longer necessary to this country. Heaven knows, the voice of regional + rural N.S.W. is already in whisper + our access to a M.P. very difficult.

I know country M.P.s work very hard for their electorates but this new idea is really putting too much pressure on these humans, to best serve such diverse areas.

The numbers format must be redesigned or before too long there will only be two electorates away from the coastline.

Please reconsider this plan, it's just another time when statistics are not necessarily correct.

Yours Faithfully  
Helen Patey (Mrs R. Patey)
