PO 20014 World Square
Sydney . 2002.

Dear Sirs

I would like to place on record my alarm and strong disapproval to the abolition of the seat of Gwydir in the proposed distribution of Federal Electoral boundaries in New South Wales.

The seat of Gwydir is too big now and it is ridiculous to think of combining it with any other. It would be most unfair to the people in the Electorate and also to the Federal Member if this were to occur.

Please leave the country seats alone and if a change is necessary let it occur in the metropolitan area where distances are not so vast. Country people and their Member need all the help they can get.

Yours faithfully

Malcolm Cameron
