Dear Sirs,

Re: Proposed federal electoral redistribution in N. S. W.

I would like to very strongly object to the abolition of the seat of Gwydir. The proposed seat of Parkes, if, including Gwydir, would be far too large and far too much travel for the elected member, to adequately serve his constituents. It would be very difficult for the people of Gwydir to access their member along with all his other constituents in Parkes, and would result in a lack of proper political representation.

Yours faithfully  
(Mrs) M. Peacey
