Dear Sirs,

I wish to register my dissatisfaction with the proposed amalgamation of the seats of Gywydir + Parkes. Like so many governmental decisions these days, a one size fits all, is applied. How anyone can equate, say the seat of Parramatta, with the area they propose is beyond understanding. Sure the population numbers may fit their plan, but the vastness of the area & the diversity of industries is beyond the ability of any one representative to service. In all fairness & common sense I urge you to reconsider.

Yours sincerely

Janet Gorman
