At the July Meeting of the above organisation, attended by about seventy members, a motion of concern was unanimously supported in regard to the abolition of the Federal seat of Gwyder.

Apart from the Mudgee Region being put into Calare, the "bush bashing" idea of putting the majority of Gwyder into Parkes electorate, to make a huge unmanageable electorate, only further demonstrates the lack of common sense in regard to the majority of the state of NSW., west of the mountains.

Our organisation fully opposes any changes as proposed as a very negative move for our state of NSW.

Thanking You,

Jan Robson
Secretary
