Dear Sirs:

Ref: OBJECTION: Proposed Redistribution of Gwydir Electorate

We write as citizens and not as supporters or members of any political party, to strenuously oppose the proposed abolishment of the seat of Gwydir and the expansion of the seat of Parkes.

In the interest of fair representation to country people and the simple ability of the elected member to be readily available to all his/her constituents, we urge that the seat of Gwydir be NOT redistributed.

We believe there has to be a balance between the number of people in an electorate and the size of the electorate, commensurate with the ability of the elected representative to be able to effectively service his/her area. The expansion of the Parkes electorate as proposed would, we believe, significantly reduce the ability of any sitting member to effectively meet with his/her diverse communities and to attend many public functions.

Yours faithfully,
Gordon & Veronica Tindall.
