So when this may concern,

I, like thousands of other electors in the  
Gwyder electorate are horrified at the intentions  
of the A.E.C. to extend our area.

What has happened to 'Democracy'?  
We continually hear voices from the 'Powers'  
that be 'encouraging people to move out of  
the crowded cities to rural areas - what incentives  
can they see - voices in the wilderness!!

No way. - those of us have plenty  
to battle with high freight and travel  
costs to name a few - even though a  
firm belief that our great country must be  
developed and, if we are willing and  
have the fortitude to stick it out then  
surely its a case of -

- Fair go Aussie -  
think about it.

Yours in anticipation,

(Mrs) M. J. Moody
