To whom it may concern

I'm writing to you regarding our concerns about the redistribution of the seat of Gunnedah.

The seat of Parkes being so large would make it difficult for the members to readily available for constituents with Dubbo being the central point making Gunnedah some distance away.

We are in favour of a Sydney seat removed, thus giving less interruption & less representation for voters. These changes would make it extremely hard for any member at senior level in government to give a powerful voice to rural concerns & still look after the electorate. At present we have good representation which could be lost if these changes are made.
