Ms. Campbell,
Australian Electoral Commission.
Kington A.C.T.

Dear Ms. Campbell,

My wife and I have examined the boundaries for the proposed district of Parkes electorate.

We consider it to be far too large for one Federal political representative to manage and service efficiently.

It is detrimental to our system of democratic representation to suggest such a huge proportion of N.S.W. should be represented in this way.

Please register our objection to the size of the proposed new Parkes electorate. It is already too large and should not be made any larger.

Yours sincerely,

R. Langford

Rosemary Langford.
