To the Committee Chairman,

I am dismayed at the proposed changes to the Parkes/Gwydir Electorate boundaries.

With such a vast area to cover and with such a diverse group of people to understand and represent fairly, I feel the pressure on the Politician representing this huge electorate will not be able to give fair and reasonable service to the electorate.

We have such a wide variety of businesses. For example, cropping [cereals and cotton], mining [opals, minerals], wine making, fisheries, wool growing, meat sheep, cattle, goats, horse[racing, breeding], intensive piggeries and feed lots for cattle, to name but a few.

Then there are the businesses in towns and cities. Industrial businesses and support services for the towns.

State/Federal Government Offices representing many departments.

Local Government offices in nearly every town/city.

Health services in all areas.

Schools in all towns/cities. Varying from Public to Private.

I am concerned that with the extension of Gwydir with Parkes Electorate combining that the representative could not give a **fair judgment on all the needs in such a vast area.**

**Please leave the electoral boundaries as they are at present.**

Yours sincerely,

Elizabeth Gardiner.
