Dear Members,

In relation to the proposed redistribution of the seat of Gwydir I wish to strongly protest to its demise.

There should be more consideration given to a number of issues apart from permanent population.

Large numbers travel through this area and need to be supported by infrastructure, roads, amenities etc. This is an area of diverse environmental considerations, an area of great wealth and trade.

With an enlarged area to be represented by one candidate the communities would have very little opportunity to be fairly represented.

Once again we would be highly insulted by the lack of consideration given to anyone living outside the highly populated urban areas.

Neglected Voter,

*M. Thompson*
