Dear Sirs, I write to you in
strong disagreement to your
proposal to abolish the
rural seat of Guyra, & merge
the electorate with Parkes.
Isn't the "tyranny of distance"
problem enough for the
rural population, without
loading us with this extra
burden of insufficient representa-
tion in our electorate. However
willing our member might be,
there is no way he could
efficiently represent us over
such vast distances.

Please take this
decision very seriously, &
give the country people a
"fair go."
(Mrs) Margaret Amos
