To
Redistribution Committee
Australian Electoral Comm.

Dear Sirs,
I feel it is most unfair to consider the
wiping of a country rural seat in this redistribution,
the area you are asking a member to serve is quite
impossible to achieve. The voice of the country will
be unheard, as travelling to see the member, will
be impossible.

The City has public transport that allows them
easy access.

It appears, once more that the Coast is more
important than the Bush.

Trusting a fair deal will
be given in this redistribution.

Yours faithfully,
P. Barber
