Dear Sirs,

Re the Changing of Macquarie Electoral Boundaries.

I am writing on behalf of myself & my husband to strongly object to the proposed changes to the electoral boundaries. I also know that other people, to whom I have spoken, feel the same way that we do. It would seem that upon any aspect in considering this proposal that it is an extremely unwise change.

Surely one of the main considerations of any electorate is the needs of the people within that electorate. These needs could never be adequately provided for with such diverse needs & interests of the people of the Blue Mountains & those in Lithgow, and also those west of the Great Dividing Range in Bathurst.

I imagine that any sitting member, no matter which party they represented, would find it almost impossible to adequately fulfil their task.

Therefore, I would respectfully ask you to give serious thought to these concerns & make no alteration to the existing boundaries.

Yours faithfully,

Leonette Wheeler.
