Subject Proposed Boundary Redistribution Calare & Macquarie

Classification Unclassified

The Commissioner
AEC
PO Box 20014
WORLD SQUARE NSW 2002

Dear Sir/Madam

As an elector currently located in the Federal seat of Calare I wish to make the following comments.

I am a resident of Bathurst and business owner, we have nothing in common with Lithgow to the East nor do we have any real community of interest with residents of the Mountains through to Glenbrook.

On the other hand, geographically we are similar to Orange to the West, we share similar economic structures, our social interests too are similar though we are historical parochial competitors. Politically there is also a balance between Bathurst & Orange districts.

I feel that the local government area of Bathurst should be retained in the seat of Calare, Lithgow and Oberon local government area should go into the seat of Macquarie. These changes would align more correctly in "community of interest.

I appreciate that not all parties can be appeased but these suggestions may help balance representation between the "City and the Bush".

Yours sincerely

Lachlan Sullivan
