To Whom It May Concern:

As a resident of the Gwydir electorate I am deeply concerned with the proposed changes to the electorate boundaries.

- My main concern, firstly, is not being able to get an audience with the elected member.
- Secondly, as I feel we are treated with contempt by the more populated areas. Trying to spread our voices over an area of 379,474 square kilometres would be an absolute joke on behalf of the Australian Electoral Commission.
