**To Whom It May Concern:**

As a resident of the Gwydir electorate I am deeply disappointed with the  
purposed changes to the electorate boundaries.

- Firstly, My concern is the lack of being able to get an audience with the  
elected member.
- Secondly, as I feel we are treated with contempt by the more densely  
populated areas spreading our voices over an area of 379,474 square  
kilometres would be an absolute joke on behalf of the Australian  
Electoral Commission.

*Kind Regards*

Richard Mather
