Dear Sirs,

I wish to strongly **Lodge my Objection** to the proposal to make the Electorate of Parkes into a size somewhat larger than Germany.

How simple this must have been for you folk in the city. Did you really think we would not notice when you learned commissioners decided to make our federal electorate so unmanageable for one politician. How are we, as constituents expected to drive up to six hours to see our member of parliament.

There are no direct flights from anywhere in the proposed electorate to anywhere in the proposed electorate. This would necessitate all movements within the Electorate by aircraft to be through Sydney. Have you any idea what a planning nightmare this would be for our Member.

At least with Broken Hill in the electorate of Parkes the Member could fly from Dubbo to Broken Hill.

When the recent electoral redistribution in New South Wales the Commissioners realised the enormous size of the Murray-Darling Electorate and reduced the size of that electorate. With this in mind I cannot understand why the Federal Commissioners did not seize the opportunity to do likewise.

I urge you to re-think this totally unworkable proposition.

Yours truly,
Trevor McAllister,
98R Bunglegumby Road,
DUBBO. 2830 NSW
