Dear Members,

Like a lot of others I would like to strongly protest against the proposal to amalgamate the Federal seat of Gwydir into the seat of Parkes.

While numbers may have fallen away in Gwydir over the last few years of drought, a return to better seasons will see a big swing back in the opposite direction.

Our family celebrated our centenary of living & farming in the Walgett district in 2002, despite being pretty worn down by the drought at that stage & hope that our sons will continue for many years yet.

The Federal & State seats are already plenty big enough west of the ranges for the Members to cover, so please be realistic & leave Gwydir in its current form.

Yours faithfully,

Bruce Marshall.

B.M. Marshall.
