Dear Commissioner,

Firstly I would like to say I do not envy you your job.

Having been Shire President of Scone Shire for $8\frac{1}{2}$ years albeit 20 years ago, I would like to say just how important to Country people we found it was to have our local members along on quite a few occasions during the year.

To try to equate an area 47% the size of NSW into one seat, it becomes just impossible to expect one person to try to serve this electorate.

We as Australians be we Labor Liberal National Democrats or Greens deserve better than that.

at present there is a "push
from the bush" given this shocking drought

However your mega area can only lasten
this. With little or no representation
we can expect even fewer people wanting
to live in this vast area.

I respectfully ask that you
reconsider this extreme area as
one seat

Yours faithfully
David R. P.
