Dear Sir,

Re draft boundaries for N.S.W. redistribution.

I am writing to object to the abolition of the seat of Gywydir and the unrealistic size of the seat of Parkes.

Our Lachlan Valley area will be transferred to the seat of Calare which has totally different concerns to us. We believe we would not be truly represented.

One MP could not provide fair and equitable representation in the proposed extensive seat of Parkes.

Surely, it would be less disruptive to abolish a Sydney Electorate.

Our state seat of Lachlan will be abolished in the March '07 state election, we will be pushed into the seat of Dubbo. These changes effectively reduces the voice of country people in both Parliaments.

I strongly oppose the draft boundaries.

Yours faithfully,

Ethel Constable
