Dear Sir or Madam

We would like to protest at the proposal to merge the seats of Swyder & Parkes.

With the large seat of Parkes it is hard enough to see the local member face to face let alone expand it.

It seems that rural people are at the brunt of all bureaucratic decisions whether it be the distance we have to travel for virtually non-existent medical services etc. and to aggregate electorates to fit some magical population formula. We believe it is just another insult to the residents of this vast electorate.

Yours faithfully
