Dear Sir,

I have very strong objections at the abolition of the seat of Gwydir. As a resident of the present seat I have a right to equal representation. I do not see that the move to increase the size of the electorate would give proper or equal representation since it would cover 48% of the area of the entire State.

The towns of our region are struggling to grow and need the attention and help of a politician who is acquainted with local affairs and pursues our interests.
