Subject Do Not Abolish The Seat Of Gwydir

Classification Unclassified

The seat of Gwydir should not be abolished. The country area's are neglected all ready and it just plain stupidity to make our access to government even harder. All that you are doing is creating a 2 tier off representation for Australian citizens, City and country. Without the country people the country would be in great financial trouble. The city people are the ones that drive up our inflation.

Regards
Robert Davis
