The Australian Electoral Office

Dear Sir,

I am writing to protest the elimination of the Federal seat of Gywyder in the proposed redistribution.

I am at a loss to understand the logic in this proposal. We have some of the most productive agricultural land and mining activities within the old seat of Gywyder.

To extend the boundaries to an area nearly half the state and to expect to get fair representation from a member who would have no chance of doing more than thinly covering such a vast area is foolish. The towns within this area are showing both growth and confidence in the future and we would like to think we had an area which could be represented properly by our elected member to keep things moving.

I trust you will reconsider your proposal and give us the fair representation we both deserve and are entitled to.

Yours sincerely
B. B. Walker
