Dear Committee Members,

It has come to our attention that changes may soon take place that will move Stafford from the Brisbane electorate to the Petrie electorate.

We have had contact with the Brisbane electorate office for many years and have appreciated greatly the assistance we received. It is good to know that help is so close at hand.

It would concern us greatly if we were moved to another electorate and so we would like to register our opposition to such a change.

Yours sincerely,

*N. C. Frazer*
