BRISBANE 4000

From media comments, I understand that there is a submission to the Redistribution Committee for Queensland recommending that The Gap be split placing the suburb into two different electorates.

The Gap has distinct boundaries and is the largest suburb in Brisbane. As a resident of The Gap, I strongly believe that there is broad community interest in the retaining of the entire suburb of The Gap in the Ryan electorate which it has been a part of for over fifty years.

Yours sincerely

Judith Timms
