Dear Sir/Madam

**Re: QUEENSLAND'S ELECTORAL REDISTRIBUTION**

We refer to your February press release regarding Queensland's Electoral redistribution and thank you for the opportunity to comment.

This matter was debated in Council on 14 March 2006. As a result of this debate Council resolved to write to the redistribution committee for Queensland and request that the committee consider altering the boundaries in the Deception Bay region.

We submit that previous boundary allocations in the Deception Bay region have failed to take into account the strong community of interest in the Deception Bay area. Electors in this community deserve to be in a single Federal electorate. As you are aware, the electorate of Petrie is a long narrow electorate running north/south. Electors in the Deception Bay area do not have a community of interest with electors in the Carseldine/Stafford areas. We request that electors in the Moreton Downs area (South of Deception Bay Road) be removed from the Petrie electorate and placed in the Longman electorate.

We thank the committee for considering our request and await the next step of the redistribution process.

Yours faithfully
