Dear Members,

We the undersigned are aware that the Redistribution Committee is enquiring into the redistribution of Federal Electorates in Queensland.

We understand that a proposal has been made to transfer the area in which we live to the seat of Petrie. We are opposed to such a move.

We wish to remain in the electorate of Brisbane. This area of Stafford is close to the City of Brisbane. Our business and private interests are associated with the City of Brisbane. We believe this area has a community of interest with the City of Brisbane and not Petrie.

We would therefore ask for your consideration that our area be retained in the electorate of Brisbane.

Yours faithfully,

C. Sallows
