Dear Members

RE: Kingarooy Shire – Objection to being placed in proposed Maranoa

I refer to Councils letter of objection dated 19 July 2006, IR 253867 JK:AL.

We have now examined submissions objecting to the Redistribution Committee of Queensland's draft proposal on your website. We note with dismay that a number of these submissions although recognising the Kingarooy Shire's affinity and ties with the Wide Bay region, suggest that the Shire now be included in the proposed division of Wright.

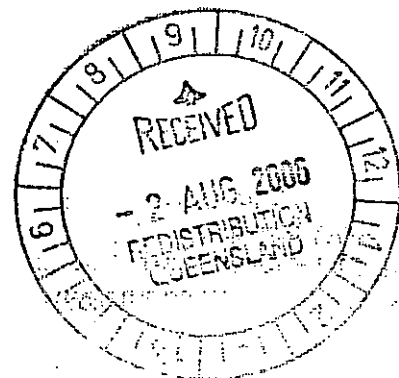

We reiterate that we have significant linkages to the east and offer a strong recommendation that the Kingarooy Shire be located in the proposed Wide Bay division for the reasons enunciated in our submission. Certainly, Kingarooy has very few if any linkages with the proposed division of Wright to the north of the Shire and particularly not with the Gladstone, Mount Morgan, Emerald, Barcaldine, Longreach and Winton areas.

We offer these comments to assist in your considerations.

Yours faithfully

J Kersnovski
Chief Executive Officer
