Dear Committee members,

I write to register a protest and ask for a reconsideration please of the pending decisions for boundary change in the Federal Electorate for our area of Queensland.

We are currently very ably represented for our Western interests in Maranoa.

The use of 'Wright' is hardly suitable, as this lady - if I am not mistaken - 'returned' an Australian honour & forsook the name she was known & honoured by for an aboriginal one.

Please consider us and reconsider the boundary decision pending.

**OBJECTION**

№ 101

Yours faithfully June Williams
